Yellow Brick Homes LLC would like to thank Bobby Chandler with Husky Services for the performance, workmanship and knowledge in the service of pest control. Husky Services has superior knowledge from bugs to critters. Bobby uses Termidor in his termite treatments of the new homes we build. That is the best on the market. For honest and dependable pest control service, we at Yellow Brick Homes LLC recommend Bobby Chandler with Husky Services to all of our friends, neighbors and new clients.

Thanks

Bob Chandler did an excellent job of treating my house for termites. He was very thorough in explaining the traits of termites and also pointing out the signs of termites. He performed an extensive treatment to the interior and exterior of the house. I was impressed with his professionalism and currently use him for quarterly treatments of spraying the interior and exterior of the house. I would recommend Bob for any pest treatment you may have.

To Whom It May Concern:

I have utilized HUSKEE Services Termite & Pest Control during the past 12 months. I can honestly say as a consumer that I am 100 percent satisfied. Mr. Bobby Chandler takes the time to explain and insure that his customers understand the different levels of service he provides. Over the past 10 years I have used the big name companies, but none of them have provided the level of service and customer satisfaction that Huskee Services provides. It is without hesitation, that I would recommend Mr. Bobby Chandler and his company for your pest control needs.

Sincerely,

John Allen
